

Let Me Decide: Make GE Labeling the Law

Dear Elected Official,

I urge you to pass legislation that would require genetically engineered (GE) foods to be labeled.

GE foods have become pervasive, are largely untested and are potentially unsafe. I deserve the right to know whether or not the food I buy is genetically engineered. Just as labels list fat, sodium and sugar, labels should tell the buyer whether or not the product includes GE ingredients. Anything less is misleading and leaves consumers in the dark about the food they're eating.

Thank you for your consideration,
